

Test table column alignment with cross reference

A test table with correct column alignment. Taken from [here](#).

| 12 | 12 | 12 | 12 |
| 123 | 123 | 123 | 123 |
| 1 | 1 | 1 | 1 |

Now I add Table 2, which has includes cross reference. In docx output the column alignment is not adhered to.
